Briggle best choice

Amber Briggle is the best choice for **Denton** City Council, Place 3.

Amber Briggle is young, bright, savvy and full of energy and life.

Amber is a proven **Denton** leader as shown by her years of caring involvement - Planning and Zoning member, **Denton** for Fair Towing, **Denton** business owner, **Denton** Chamber of Commerce, 2012 Street Bond Committee and Community Development Advisory Board.

She will represent the interests of all of District 3 and all of **Denton**, not just her immediate neighborhood.

As a **Denton** City Council member, one of her highest priorities will be to assemble the great assets of **Denton**: people, talent, education, infrastructure and capital, to make **Denton** the first city in the region that entrepreneurs will choose to start and grow their businesses and that families will choose to live, work and play.

Amber Briggle is a strong believer in open, transparent government and the Texas Open Meetings Act.

My parents moved to **Denton** when I was 1 year old. I will celebrate my 70th birthday this month. I remember **Denton** before we had an Interstate 35, University Drive or Carroll Boulevard. The first courthouse I practiced law in was the old Courthouse on the Square.

I know **Denton** and I know Amber Briggle is an excellent choice for District 3 City Council.

To learn more about Amber, please check out her website, www.votebriggle.com. Early voting starts April 27. The actual election day is May 9.

Please vote for Amber Briggle.

Mike Gregory,

Denton

'Walk the walk' with Briggle

For all of the "talk" about keeping **Denton** quirky, "green" and thriving, there is one candidate who

is quite literally doing the "walk."

On any given day you will find her "block walking" as she carefully listens to the people who comprise District 3.

She is asking questions to find out what they value, and how she can best represent them as their next City Council member.

She has in her favor youthful energy, successful small-business ownership and advocacy, proven leadership and experience with environmental issues, a welcoming attitude toward new business and industry, and loyalty to a healthy vision for all of **Denton**.

Her name is Amber Briggie.

I am appalled that the customary voter turnout for council elections is only about 5 percent to 6 percent of eligible voters. If we are going to "talk the talk," then we must all "walk the walk" by marching over to cast our vote on May 9 (or participate in early voting starting April 27).

Amber Briggie works to help implement more pedestrian-friendly crosswalks, safe bike lanes and ongoing improvements to streets and roads. She praises and supports our heroes in the **Denton** police and fire departments.

She demonstrates respect for the plans set in motion by past council members, has strong working relationships with city leaders and current council members, and proposes an ethically and fiscally sound vision for **Denton's** future.

With your vote, and her pledge, I see great things as we "walk" ahead.

More information can be found at votebriggie.com.

Dr. Jane Ruffin,

Denton

Elect Briggie to City Council

It is good to have two women running for membership on the all-male **Denton** City Council. I agree with Anyah Martinez, "It's high time" for young women to have more representation on the council.

As a member of the older generation, I urge you to elect Amber Briggie and give the young and energetic generation more voice.

In addition to serving on the Planning and Zoning Commission, Amber demonstrated her leadership ability and courage by working creatively to help **Denton** citizens use our local vote to mandate a ban on fracking, even as the big corporate powers from around the nation attempted with big money to block it.

Since they will no doubt continue to try to block our efforts, we will need Amber Briggles strength on the council.

The need for leaders willing to stand up to such greedy corporate power is very real in **Denton**, as it is around the nation and the world. This is a bigger issue than just fracking.

We, the voters, must elect persons to office who can and will do that. I urge you to vote for Briggles and to get your friends and family members out to vote, too.

Dawson Tunnell,

Denton

Vote for Briggles

The Briggles name is one recognized across the **Denton** community. Whether it be from supporting **Frack Free Denton** or working toward better and safer lanes for bikes and pedestrians, people recognize who Amber Briggles is.

If you don't recognize her name, you should - she's running to be the City Council member for District 3.

Amber's experience and passion are not limited to her district.

She has a passion and drive for the entire **Denton** community and has shown that through her prior experience on various boards, commissions and citywide projects such as the **Denton** Community Splashpark, the 2012 Street Bond Committee, the Bike Plan Task Force, the Community Development Advisory Board and the Planning and Zoning commission.

Amber has expressed interest in working to better other neighborhoods, as well as her own, to create an even stronger **Denton** community.

Amber Briggles has my vote.

Kellie Morris,

Denton

Briggles for City Council

As a university student living in District 3, and a former high school student at John H. Guyer, I strongly urge anyone living in District 3 to vote for Amber Briggles.

She is the only candidate who brings positive solutions to city problems.

From supporting the expansion of bike lanes for safer commutes and reducing traffic, to providing

more support for small businesses to encourage **Denton's** local economy, she has clear ideas for the challenges we face.

Amber is the perfect woman to lead us on City Council.

If you want a council member who will listen to the people and strive to bring long-lasting solutions to **Denton**, vote early for Amber Briggie from April 27 to May 5, or vote for her on election day, which is May 9.

Dalton Wakefield,

Denton
